Advising Statement for Course Syllabi

Advising is a very important resource designed to help students complete the requirements of the University and their individual majors. Students should consult with their advisor at least once a semester to decide on courses, check progress towards graduation, and discuss career options and other educational opportunities provided by UH Hilo. Advising is a shared responsibility, but students have final responsibility for meeting degree requirements. By the 4th week of instruction students can look at their STAR to look up who their assigned advisor(s) are.
