- No course may be counted for more than one General Education CORE requirement. Students are cautioned that, in a few instances, a single course has been certified for more than one of the General Education Basic or Area Requirements. However, students completing such a course may only receive credit toward a single such requirement. They will be offered their choice of which requirement is satisfied and will be expected to fulfill the other requirement(s) with other courses.
- Courses which meet both major requirements and General Education Core or Integrative requirements may be simultaneously counted for both.
- Courses which are certified for a General Education Core requirement and an Integrative requirement may be counted for both.
