A BILL FOR AN ACT

SECTION 1) Be it enacted by the Student Senate:
An appropriation of no more than $1200 to support UH Hilo Fall and Spring Semester Job and Internship Fairs. UH Hilo Career Development Services requests an expenditure of $600 per semester to purchase (80) $7.50 Sodexo Lunch Vouchers for employers participating in our Fall and Spring Job and Internship Fair. State Law prohibits the use of tax dollars for the purchase of food and beverage not directly related to official travel. 80 recruiters are expected to participate in the job fair and this list includes mainland, Pacific-Rim, and local employers. These employers will be recruiting to fill career, internship, summer, and part-time jobs. It would be very difficult to provide hospitality and warm welcome without the support of UHHSIA. In the event that fewer than expected employers respond, the UH Hilo Career Development Services will reduce the amount of this request proportionately.

SECTION 2) The Senate authorizes the preparation and submission of a requisition for this appropriation by the Treasurer.

THIS BILL SHALL BECOME AN ACT UPON SENATE APPROVAL
