**Academic Policy:** Aaron Jacobs

1. APC Flowchart
2. Revised T&P Guidelines
3. Policy on course repeats: Jim Beets referred this policy back to the APC for next Fall.

Cheryl Ramos read a statement on the CAS Senate’s, and Dean’s opinion of the policy.

**Motion** by Aaron Jacobs to approve the amended APC Policy Proposal flowchart. Jim Beets asked for a friendly amendment to insert “Congress Chair/APC”. Aaron Jacobs accepted the friendly amendment.

**Discussion:** Cheryl Ramos noted that the CAS APC has concerns about the “flow of consultation” back from the Dean to the Unit governance entities. Aaron pointed out that the APC’s draft is meant only to illustrate who can propose policy, and how the documents are handled. His committee understood that “consultation” is a basic responsibility of the Dean and Congress. He indicated that the APC could also draft a “supplemental” document that provides a cartoon box location for this sort of “consultation.” He said he would like to proceed with his motion anyway, accepting typo corrections as friendly amendments. Cheryl expressed concern that the document does not illustrate the unit governance entities, and felt that these entities should be formally recognized. Aaron suggested that an additional document to support this document could be drafted by the APC.

**Motion:** Aaron moved to vote and requested that the vote be conducted by secret ballot. Jim Beets approved the request.

**Motion seconded** by Norm Stahl

**Vote:** 8 in favor, 3 opposed, one abstention. The motion passed.

**Motion** by Aaron Jacobs for acceptance of the revised tenure and promotion guidelines for instructional faculty via secret ballot. Jim Beets approved the request for a secret ballot.

Emmeline dePillis raised a concern about the possibility of a faculty member being unwillingly forced to go up for tenure early. Aaron indicated that this would not be a concern, and referred to the UHPA contract.

**Motion seconded** by Norm Stahl

**Vote:** 10 in favor, 0 opposed, 2 abstentions. The motion passed.
Aaron also reported that the APC took a look at the draft document on instructor renewal guidelines. Jim Beets requested that members review their copies of the document and share their concerns with him, as he will be meeting with administration regarding this document. Cheryl Ramos indicated that the CAS APC and Executive committee will be submitting recommended comments, and that the CAS Dean would like the document to reflect specific duties of instructors. Emmeline dePillis raised a question about whether or not teaching evaluations are de facto required in promotion and renewal dossiers. Jim said his understanding was that lecturers are required to do so. Emmeline stated that this could be a concern for lecturers teaching WI courses who might get lower evaluations.

Cheryl said that the VCAA should insure that releases are actually buyouts and that departments are compensated for the loss. Cheryl also asked that there be added a formal evaluation method for the FFCE. Jan Ray suggested that there should be a place where the FFCE is housed outside of their normal office to provide a place of interaction with the community that is continuous.

b. Cheryl thanked Congress for allowing a voice for CAS Senate in Congress.

Respectfully Submitted,

Mark Panek and Todd Belt

Appendix A

Faculty and Student Survey on WM Class Scheduling Proposal

The Faculty Congress is considering adopting a resolution that would change the MWF class schedule to a MW class schedule with 1 hour and 15 minute classes similar to what are offered on TU/TH schedules. Fridays would then be available for faculty governance, civic engagement, labs, and applied learning activities.

The purpose of this poll is to measure faculty [student] support for such a measure.
