**ED 394: INNOVATING NATIVE HAWAIIAN EDUCATION**

Examine the current state of Native Hawaiian education and the integration of contemporary educational initiatives within the contexts of Indigenous focused curricula. This hands-on course is an opportunity for present and future educators to learn about current pedagogical frameworks and strategies within the context of Hawai’i’s host culture.

**ASTR 385: SOFTWARE SYSTEMS FOR ASTRONOMY**

SSFA is a two-week course on telescope and instrument control systems, observation planning tools, and data analysis software. Students will apply the software systems they create to real life problems in astronomy.

**JULY 23-AUGUST 3, 2018**
