Dear Seri,

I am writing to acknowledge that I have received the progress report you submitted in regards to the questions raised when the Masters in Heritage Management was granted Interim Approval on June 29, 2015. The program was also granted Commission approval in August 2015.

I appreciate the work you and your colleagues have completed for this report, and found the thoroughness with which you responded to the questions helpful.

Once again, thank you. Please let me know if you have any questions.

Sincerely,

Geoff Chase, Vice President
WASC Senior College and University Commission (WSCUC)
