

**2019 Summer Session**  
**Application for Financial Aid**

This application will assist the Financial Aid Office in determining your eligibility for Summer Federal Pell Grant, Pacific Islander Scholarship and/or Direct or Private Loans for the 2019 Summer Session. For financial aid purposes, the Summer Session is treated as a trailer to the 2018-2019 Academic Year. This means that your aid eligibility is determined by the information on your 2018-2019 FAFSA as well as the amounts of aid you received (if any) during the previous Fall and Spring semesters. Some awards may require that you maintain a minimum of half time enrollment (UG = 6 credits, GR = 3 credits) throughout the entire Summer Session.

Once the Summer Session has started, your course schedule will be monitored on a weekly basis and your awards and disbursement dates will be adjusted accordingly. You are not eligible to receive aid for courses that you drop, withdraw, or repeat more than once after previously earning a passing grade. Non-attendance, complete withdrawal or unearned grades (Fs) may reduce your aid eligibility. We suggest you check with our office before making any changes to your schedule to determine the impact to your awards.

**\*\*IMPORTANT\*\*:** *Please be aware that in some cases, receiving a Pell Grant in the Summer could reduce your Pell Grant in the following Fall or Spring terms. Also, disbursement dates and amounts will vary based on your class schedule and will begin NO EARLIER than May 15, 2019. Loans will not be disbursed until 8- 10 days before the start of your 6<sup>th</sup> credit (3<sup>rd</sup> for graduate students).*
