Aloha Mauna'kea Management Board,

I am writing to say I'm against any and all building of telescopes up on Mauna'kea. We as kanaka Maoli would like for you all to Stop the Desecration of Our Aina, the Most Sacred Spot on Hawaii Island. You all can go and learn things from kupuna or the kanaka maoli who can teach you and the public about the skies, the ocean the planets, stars!

Please, in closing, to consider about the Host cultural Kanaka Maoli and All People of Hawaii who finds our Mauna a place to come and pray! Please Show Respect, to our cultural, and our people, Aloha.

Sincerely,
Laurie Avilla Ohana
