RE: Applying thesis credits toward residency requirements

In Fall 2008, the UHH Graduate Council recommended that credits received by graduate students under the thesis course number would be counted toward their required 24 credits of residency at the University of Hawai'i at Hilo.

I support the Graduate Council's recommendation that up to six credits of thesis or dissertation course credits may be used in partial fulfillment of the 24 credit residency requirement for graduate degrees.

Please implement.

Thank you very much.
