Consolidated Vision Themes

Action required: SPC members are asked to:

- **Discuss** the proposed consolidated themes for the vision
- **Decide** whether to use these themes as a guideline to structure goals discussions
- **Note** that these themes may not all feature in the final draft of the vision statement

Integration of Themes – a conceptual description (note that the thematic order is slightly different from the original vision listing to present a logical flow of concepts)

1. We will be a community unified in its in support of our students as scholars – as such all of us are learners, teachers, and supporters

2. We will collaborate to bridge differences in our disciplines, cultures, perspectives and experiences

3. Everything we learn, teach, and do will be formed from the treasure of human, cultural, and environmental resources of this unique place – Hawai'i Island. College-community partnerships provide the foundation for drawing on these resources and for applying our learning.

4. Every student will engage in both theoretical and applied learning – practicing conceptual lessons in real-world situations

5. Our academic excellence, signaled by our commitment and methods, will enable our students to compete, innovate and lead in their personal and professional lives, benefitting Hawai‘i and beyond
Possible additions

6. Entrepreneurship as economic engine
7. Creating college-town vibrancy
8. Leveraging rural context
