1	Matt Baldwin was very helpful with the initial set up for using Google Hangout in our classrooms. He was able to train us to use the technology. We tried to set up the polycom in our classroom but did not have the support necessary to make this work.	1/24/2017 6:43 PM

5	I think so, but the student has to look things up on their own. There doesn't seem to be a student hotline for help.	1/20/2017 3:43 PM

3	We'd like to offer more. Our summer courses are almost exclusively DL now. There wasn't really a place to comment on this, but I don't think my student enrollment numbers are accurate for our DL courses. I don't have access to this data from home. And, I'm not even sure I could retrieve it from academic logic.	1/20/2017 3:43 PM
