1. Does your department regularly engage in assessment? (if no, go directly to #5)

2. If yes, what has your department done in the past 5 years? (Give a brief description of what was done and the results of what was found. Use the back of this page if needed.)

3. Who was involved in this? (All of the department? Just full-time faculty? One man show?)

4. And what happened with the information that was collected? Did the information lead to any initiatives or changes?

5. What will it take to either start assessment in your department or to help you achieve/maintain the level of assessment you think is needed/appropriate?
