Subject: Faculty Congress request to administration concerning summer consultations for reorganization.

At the March 18, 2016, Faculty Congress meeting, a motion (#15) was passed to "request administration officially not to have formal consultations regarding the reorganization of UH Hilo units (with unions or BOR) over the summer."

Faculty Congress voted in favor of the motion: 14 approved, 4 opposed, 0 abstentions.

Although this is just a request, and it is understood that we cannot limit the times for administration to do consultations, the motion shows that there are concerns that faculty with nine-month positions may not be able to take part in the process during the summer break in the duty period.
