Notes to the Policy Proposal Flow Chart

This process is intended to govern the proposal and approval of new or modified academic policies.

Academic policy proposals may originate at any level of the campus community. In all cases they will be submitted to the Faculty Congress or to an appropriate unit governance entity.

When the need is apparent, or when directed to do so by decision-making authorities, persons proposing new or amended policies are responsible for seeking consultation with appropriate university staff members, to ensure compliance with law, government and system policies, and other regulations. Proposals may be returned for further consultation at any point in the process. Certification of review must be provided by each entity in the process and forwarded with the proposal.

As per Article VI, Section 1 of the UH Hilo Faculty Congress charter, “Academic policy actions of the Congress shall be subject to adverse action by the Chancellor of UH Hilo only in exceptional circumstances and only upon the submission to the Congress of a written explanation for the adverse action within 30 calendar days of official notification of the Congress’ s action.”

1. For the purposes of this document, the word “Unit” in the phrase “Unit Governance Entities” includes, but is not limited to, the Colleges, the Library, and the Graduate Council.

2. For the purposes of this document, Dean(s) includes Deans, the director of the Graduate Council, the Director of the Library, and the Director of Ka Haka ‘Ula O Ke’elikōlani, the College of Hawaiian Language. Deans are only decision makers when a proposal only affects their unit.

3. Unit governance entities and their Deans will be given the opportunity to respond.

4. The Chancellor will be copied on all academic policies sent to the VCAA by the UH Hilo Faculty Congress.

The University administration is responsible for

- Establishing reasonable timelines for the phases of the procedures
- Developing new forms consistent with the new procedures
- Arranging for a system to track policy proposals as they move through the phases, and arranging for training of users.
- Specifying procedures to notify submitters, reviewers, and other appropriate recipients of the progress and final status of proposals, using a combination of web-posting, email and hardcopy distribution
- Codifying long-standing policies and procedures and posting them on the new Policies webpage
