Hi All,

Jim asked me to send out a reminder regarding next Friday’s Congress-sponsored Faculty Forum. He has asked that we each take some time to help get the word out, and try to persuade our fellow faculty members to attend. One of the goals of even holding the forum has been to try to reach out, in particular, to faculty members who have been disillusioned enough to have “checked out”—folks who feel as though their input and participation in faculty governance does not matter—and let them know that there are many of us who still believe in this place. Please help us in trying to drag a few such folks along—along with any other faculty member, of course.

Mahalo,

Mark Panek

Congress Secretary
