It is an optional degree for those students who are in the PharmD program with the intention of completing their studies in PharmD. The high amount of degrees earned for FY2011-12 (n=133) is due to glitches within the UH System which delayed the ability to award the degree in previous years. FY2011-12 represents an accumulation of two or more classes that were awarded the BA in Pharmacy Studies. -per J. Pezzuto, Dean of DKICP on 2013-11-01.
