

Fall 2011 College Statistics by Term - Including College of Pharmacy

In Fall 2011, The College of Pharmacy (CoP) initiated a new, online hybrid course and instructor evaluation process that incorporated elements from both the UHH teaching evaluation form and the CoP course evaluation form. The hybrid process utilizes a format that is appropriate for the predominantly team-taught courses in the CoP and reduces the number of end-of-term evaluation forms PharmD students are asked to complete. The hybrid form incorporates only the UHH items (as reported below) that were appropriate for the PharmD curriculum.
