Notes:

- BIOL 101 and BIOL 101L are non-major courses and do not count toward the major or minor in Biology.
- Students should begin chemistry courses their freshmen year if they plan to complete their academic program in four years. Chemistry courses are often prerequisites for required biology classes.
- * BIOL 175 and 176 are offered every semester and can be taken in either order. Also for BIOL 175 and BIOL 176, the lab section must be taken concurrently with the lecture.
- **Students should choose one track in Physics either: PHYS 106-170L and 107-171L or PHYS 170-170L and 171-171L.
- Students must earn a minimum grade of "C-" in all required and prerequisite courses
