**Notes:**

1. All GEOL courses must be completed with a "C" or better.
2. At least 32 semester hours must be earned in courses numbered 300–40. Courses in group 2 supply 32 of these credits.
3. Students preparing for graduate school should consider taking a summer field course in GEOL and possibly MATH 300, CS 150 or PHYS 260.

\* Some students need to take MATH 104 prior to MATH 205. Schedules will therefore vary according to the results of the math placement test. Rev 08/2015
