Want a more welcoming and inclusive campus? You are invited to attend:

“Honoring Diversity for a Caring and Inclusive Campus”

April 1, 2015 • 8:00am – 12:30pm
Campus Center 301

*Continental Breakfast Provided*

This workshop promotes an understanding of diversity that creates cultural engagement and expands awareness of self and others. What makes the NCBI program different than traditional diversity programs is the theory “that people change more readily when they are lifted up and appreciated, not when they are made to feel guilty.” (Brown and Mazza, 1997, Healing into Action). This program strives to create an atmosphere where everyone and every group is appreciated and where every idea is welcome.

Workshop Participants will:

• Explore their own cultural backgrounds and celebrate the similarities and differences among them

• Gain awareness and strengthen their understanding of issues surrounding diversity

• Learn how to become an ally and build bridges within and between different groups

Workshop Facilitators:

• Lori M. Ideta Ed.D., Associate Vice- Chancellor and Dean of Students at the University of Hawai‘i at Manoa, Director, NCBI Hawai‘i

• Leslie Lynn Opulauoho M.Ed., Director of Student Development at the University of Hawai‘i at West Oahu, NCBI Hawai‘i

• Yolisa Duley Ph.D., Health Education Specialist, UH Hilo, NCBI Hawai‘i
