Presents

# The Mask You Live In

The Mask You Live In follows boys and young men as they struggle to stay true to themselves while negotiating America's narrow definition of masculinity. This documentary presents the personal narratives of young boys and men and features experts in neuroscience, psychology, sociology, sports, education, and media, further exploring how gender stereotypes are interconnected with race, class, and circumstance. The Mask You Live In ultimately illustrates how we, as a society, can raise a healthier generation of boys and young men.
