Important Graduation Information

Degrees: Graduation can only be processed for the degree program/minor/certificate indicated on the graduation application. Any major(s), option(s), minor(s), or certificate(s) listed in our records but not listed on your application will be cancelled.

Graduation evaluation: Students submitting graduation applications by the priority deadline should receive a preliminary graduation evaluation via STAR for Students under “Advisor Notes” prior to the end of the registration period in which the student is planning to graduate; this preliminary evaluation will track the student’s progress toward graduation and will note any deficiencies. Please note that if your application is received by the priority deadline but is incomplete, you may or may not receive an evaluation. Students submitting graduation applications by the final deadline are not guaranteed a preliminary evaluation. It is highly recommended that students work closely with their faculty advisor(s) to review all graduation requirements.

Deficiencies and deferral: Students who have not completed all graduation requirements as expected will have their graduation applications deferred to the following semester. Automatic deferment of the graduation application only happens within an academic year (i.e., fall to spring to summer). If the student does not complete his/her graduation requirements by the end of the academic year (summer), the graduation application will be cancelled. Students who wish to defer their graduation date must contact the Office of the Registrar. A new application and processing fee is required if changes are made from one academic year to the next academic year.

Commencement ceremony: Students may complete graduation requirements at the end of the fall, spring, or summer term. A ceremony is held in December for summer and fall candidates; a ceremony is held in May for spring candidates. Please note that the commencement ceremony is separate from the actual degree certification and conferral. Participation in a commencement ceremony and/or inclusion in the commencement program does not indicate official graduation or degree conferral.

Enrollment after graduation: Students who wish to continue enrollment after graduation must apply and be re-admitted by the Admissions Office. If you are already registered for the term following graduation, your status will be changed to Graduate Unclassified level during the conferral process and any WUE students will be changed to non-resident status; these changes may affect tuition rates. If you have registered for classes beyond your graduation term and wish to discontinue enrollment at UH Hilo, you must drop all classes yourself. Failure to withdraw will result in tuition and fees being assessed to your account.
